An introduction to Saxon Way Primary

Thank you for your interest in becoming part of our wonderful school community.

Saxon Way Primary School is seeking enthusiastic teachers to join our vibrant and supportive team. As part of our welcoming school community, you'll have the opportunity to inspire young minds, develop your skills, and thrive in an environment that values innovation and collaboration. We offer excellent professional development, a strong leadership team, and a nurturing atmosphere where both staff and students can flourish.

We have a strong vision based on our belief in developing Proud Traditions, Wide Horizons and High Achievement and supported by our family of Griffin Schools. Our collegiate working with our closest GST partner schools in Medway, enables us to offer excellent educational experiences for our pupils. As a GST school, we do not teach young people to know their place in society but rather discover their talents and passions and to take their place in society, making a difference wherever their futures take them.

As a valued member of our Saxon Way family, you will:

- work with people who are committed to developing your talents, both professionally and personally
- be given the best opportunities within a collegiate of schools

We would welcome applications from candidates who are at the start of their careers and we offer exceptional support for our more experienced support staff.

The Benefits

Saxon Way Primary School is a popular, two form entry primary school with a Nursery, close to Gillingham Station. We pride ourselves on reflecting our proud history and heritage in our values and our ethos. We offer a tailored programme of CPD to ensure all of our team are aspirational and striving for their own successes.

We nurture and teach individuals at Saxon Way, who develop as confident and resilient learners with a love of reading, a creative flair for writing and a passion for maths. We encourage the scientists, musicians, historians, geographers and sportspeople of the future to make their mark on the world. The Trust's three pillars of Proud Traditions, Wide Horizons and High Achievement filter through our bespoke curriculum and achievements, and are strengthened by our committed school culture where Community, Discovery and Challenge support everything we do.

Medway is one of the south-east's most aspiring and developing destinations, marrying its celebrated heritage with a rapidly emerging continental-style cultural scene.

It is ideally located, close to London and within easy reach of the channel ports. Medway takes its name from the magnificent river that flows through it and comprises of the three major towns of Rochester, Chatham, and Gillingham.

Individually, the towns have their own place in history and unique identity – in particular Rochester with its iconic castle and cathedral and connections to Charles Dickens, and Chatham with its maritime and military heritage and defences. Together, they provide a diverse and exciting shared story visitor experience.

The area is the south-east's festival and events capital – hosting more than 30 days of free festivals and events each year. From bustling street festivals, theatre performances to major international sporting events at Medway Park.

The Griffin Schools Trust is a Head-led Trust. Founded by former school and system improvers who have led high-performing schools in the UK, Europe and Asia, the Trust works with the Heads and wider communities of its 12 schools in the Midlands and South East to develop a shared mission and values while preserving the individuality of each school.

The family of schools and the Trust's Board share a conviction that great schools are built on the three pillars of Proud Traditions, Wide Horizons and High Achievement. In practise this means rich extra-curricular programmes and high quality pastoral care as well as an inspiring curriculum, expertly taught. The Trust seeks to build community and communality across its primary and secondary schools, promoting unity rather than uniformity and enabling each school to lead its own journey to success. It is a given that schools work together within and cross phase to enhance their provision, speed their journeys to 'great' and celebrate the arts, sports and Founders' Day events.

The Trust offers direct access to a central team of experienced educationalists who provide strategic support and guidance, as well as central operational management services. Membership of the Trust affords its schools the opportunity to share best practice, to develop high order leadership skills and to have a voice in education nationally.

With 2 secondary and 10 primary schools GST currently has a combined pupil population of over 5000.
