Letter from Cathie Paine – CEO

Dear Candidate,

Thank you for your interest in this role within the REAch2 Academy Trust.

This is a hugely exciting time for our family of schools. The Trust has been recognised by the Department for Education for its track record in raising standards and achieving excellence for pupils in a growing number of schools nationwide. We are presented with a rare opportunity to make a real difference to the lives and life chances of so many primary school children – many of whom haven't previously received the educational opportunities they deserve.

The Trust includes schools at all stages of development, from a small number of schools that require significant improvement through to a growing number of outstanding schools. As a Trust we are clear about the importance of achieving long term sustainability for our schools. Our vision is to enable individual academies to flourish with their own unique character, whilst also ensuring a strong identity within REAch2 and an ethos of support and collaboration across our schools.

Employees within REAch2 belong to a national community of professionals, and benefit from a wide range of networks and development opportunities across the Trust. In time, our best teachers are able to work across schools, develop specialisms and step up to leadership roles within and beyond their own academy. The Trust provides a strong culture of innovation and collaboration, together with high expectations for staff and pupils alike.

Those we recruit are able to demonstrate that they share our values, are highly motivated to work with colleagues within and beyond their school to continuously develop their skills and pursue professional excellence and are committed to providing the highest standards of teaching for all children.

If that is you, then we would be delighted to receive your application.

Great Schools

What Makes a Great School at REAch2 Academy Trust?

At REAch2 Academy Trust, a 'great school' is defined by a clear vision and commitment to improving children's life chances. It's not just about meeting standards but about striving for excellence in all aspects of education. Here's what defines a great school in our Trust:

Community Understanding: A great school knows its community's unique needs and creates a vision to improve children's lives through a curriculum that goes beyond statutory requirements and fosters a love of learning.

Effective Teaching and Leadership: Great schools have exceptional teachers and staff. Leaders focus on developing and sustaining high-quality teaching practices so that new staff become effective quickly and consistently.

Aspirational Goals: Leaders aim to be "better than good," striving for the highest outcomes rather than settling for a "good" OFSTED rating. Their goal is to provide a consistently high-quality education.

Collaborative Spirit: Great schools are committed to collaboration, sharing best practices, and learning from others. They believe that working together makes them stronger and more effective.

Strong Safeguarding and Pupil Engagement: These schools have robust safeguarding practices and empower students to have a voice in school life, making sure children are excited about coming to school.

In summary, great schools at REAch2 are community-focused, driven by high aspirations, collaborative, and committed to excellence in safeguarding and teaching.

CPD

As a member of staff at REAch2 you have access to a range of learning and development opportunities.
