Wincle CE Primary School

Safeguarding Statement

At Wincle CE Primary School, the welfare of our children is paramount. This school is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.

All staff should understand their responsibility to safeguarding and promoting the welfare of children and young people. Staff are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions. Staff should work and be seen to work, in an open and transparent way.

Attitudes towards promoting and safeguarding the welfare of children and young people will be scrutinised during the selection process for the post that they have applied for. If you are appointed to this post, the information in relation to safeguarding and protecting children and young people will be provided at induction. This practical guidance for safe working practice will provide information about which behaviours constitute safe practice and which behaviours should be avoided.

All post holders are subject to a satisfactory Enhanced DBS and Barred List check. Our policy and practice are in line with the Department for Education's 'Keeping Children Safe in Education' Guidance 2024.
